How to Read a Dragons Heart

****Hello!** I hope you want a Toothcup story! If not, then ****_**GET OUT OF HERE!**_**** I'm writing this because Het Is Ew. It's only because I'm just tired of the ubiquity of het romance plots in all variety of fiction and the tropes that go with them.****_** Stoick:_Pythor P. Chumsworth does not own HTTYD in any form including TV series or HTTYD 2. Except owning one or two DVD'S.

Hiccup couldn't fly for the time being, having to help rebuild after the Whispering/Screaming Death incident. He told Toothless to have fun with Stormfly and the other dragons. Toothless, Stormfly, Hookfang, Meatlug, Thornado, Barf and Belch were all talking outside the chieftain's hut about all things they could. "_Well I think that we haven't seen the last of the Screaming Death, if the Whispering Death goes back to its home, then that Screaming Death will to_," Thornado said with anxiety "_Yes, well, I think we should stop talking about that serpentine devil, he's putting my spines on end_," Stormfly said with a shake for emphasis. "_Then let's talk aboutâ€¦|_" "_I don't think we need to know what you were about to say there Belch_," Barf said with no limit on the amount of disgust in her voice "_Well, I think I'm should go and have a nap now that Belch just ruined our conver-sensation!_" Stormfly said, getting up in the process. "_Yeah, I think I'll go check-up on Hiccup, he shouldn't have any problems, but just in case_," Toothless said awkwardly.

Hiccup was finished with helping for the day, some of the houses were repaired, but the holes in the ground were the problem, they'll fix it somehow, the Screaming Death seemed to focus on people, rather

than buildings. People were running out of the path towards Hiccup, as Toothless sped towards him with a disgusted look on his face. "Whoa, buddy, what's wrong?" Toothless pointed to the shape of Barf and Belch flying towards the twins house and ran to the side of the dock and promptly vomited over the side. "Well, I think you should get some rest, come on bud, easy does it," Toothless pasted out when he got to his bed. Hiccup will have a nice long chat with the twins tomorrow.

"_Well, hello guys, How are you all, I had nightmares last night, thank you Belch!_" Toothless said with sarcasm at the end "_The same happened to me, now, I had some chicken. And thought 'I think we should talk actually about that tomorrow.'_" Spoke Stormfly and everyone except Hookfang agreed. Hookfang was too busy staring at the pretty butterflies flying past.

**Thank you for taking the time to read. If you liked, then review! If not then, oh well! Can't please everyone. **_This means dragon speak._
